PERSONAL PROFILE

A highly motivated and disciplined learner with a growing passion for software development. I am seeking a Software Engineering Apprenticeship to gain hands-on experience in coding, teamwork, and problem-solving while contributing to meaningful projects. My previous work experience has strengthened my communication, leadership, and time management skills that I now apply to my journey in programming and technology. Currently developing skills in JavaScript, HTML, and CSS, I am eager to apply my learning in a professional setting and grow into a confident and capable software engineer.

KEY SKILLS & ATTRIBUTES

- Self-motivated and eager to learn
- Problem solving and logical thinking
- Basic web development (HTML, CSS, JavaScript)
- Familiarity with Git & GitHub
- Strong communication and teamwork
- Time management and discipline
- Leadership and reliability
- Competent with Visual Studio Code

EDUCATION

2015 – 2021 VALENTINE HIGH SCHOOL

9 GCSEs (Grades 5–9) including English Language and Mathematics.

Skills Demonstrated

- Provided one-on-one coaching to clients worldwide focusing on performance improvement in competitive online environments
- Built strong interpersonal and communication skills while managing client relationships.

ADDITIONAL INFORMATION

Hobbies & Interests:

I enjoy coding, reading, and exploring how technology can solve real-world problems. Outside of tech, I have a deep passion for football, leadership, and continuous personal growth. As captain of both my school and local football teams, I learned teamwork, accountability, and resilience.

Achievements & Extra-Curricular Activities:

- Form Captain: represented peers in meetings to improve the student experience.
- Football Captain: led school and local teams with commitment and discipline.
